**A WEEK OF NIGHT WORK PLANNED ON I-293 IN MANCHESTER**  
**WILL REQUIRE SOME EASTBOUND LANE CLOSURES**

The New Hampshire Department of Transportation announces night work is scheduled to take place during the week of April 13, 2003 at the Interstate 293 improvement project in Manchester.

This night work is scheduled from 9:00 pm until 5:00 am through April 17. It will require I-293 eastbound lane closures and shoulder closures on the eastbound Brown Avenue on and off ramps.

This project includes the pavement rehabilitation and widening of I-293 between Exit 1 and Exit 2, and the rehabilitation of four bridges over Brown Avenue and Frontage Street.

George Cairns and Sons, Inc. of Londonderry, NH is the contractor for the \$13 million project, which is scheduled to be completed in September 2004.
